**1st Sub. S.B. 24**, as amended, was transmitted to the House for consideration.

### **INTENT LANGUAGE FOR 1ST SUB. S.B. 24**

During the course of the last several years, the Legislature has reviewed the contracts between Envirocare and the banks involving disposition and management of funds securing certain letters of credit issued by Envirocare with the state as beneficiary. Because of the Legislature's concerns about the state's position under those contracts, the state agencies responsible for regulating Envirocare reviewed those contracts and have assured the Legislature that those contracts have been revised to provide further protection to the state. During the same period, the Legislature sought a legal opinion from its counsel on whether or not the state could collect on certain letters of credit provided by Envirocare as long-term security for Envirocare's closure and post closure expenses if Envirocare declared bankruptcy. That legal opinion concluded that, although the bankruptcy court might delay payment on the letters of credit, it is likely that the state would be able to collect the full amount provided by the letters of credit, but might need to incur litigation expenses.

It is the intent of the Legislature that the agencies responsible for regulating and overseeing Envirocare's solid, hazardous, and radioactive waste disposal programs continue to review, and encourage the revision of, the contracts as necessary to ensure that the state is adequately protected and that the office of the attorney general continue to monitor bankruptcy law developments to ensure that letters of credit continue to provide legally enforceable security for the closure and post-closure costs that will someday be associated with the Envirocare facilities.
